

Presented by Mad Science of Western New England and sponsored by Torrington Parks & Recreation Department

When: June 27, 2022—July 1, 2022
Time: 9:00am—12:00pm

Brixology: Engineering with LEGO™ sets the foundation for our next generation of makers! Kids learn about different types of engineering and then team up to construct a different engineering-themed project using LEGO® bricks. They will explore topics such as aerospace engineering while assembling a space station, mechanical engineering as they build boats and vehicles. That's not all, from carnival rides to drawing machines, mechanical animals to truss bridges, your future engineer will build upon their creativity to solve real-world design challenges, while developing their problem-solving and team-building skills. Let the tinkering begin! For students entering grades 1-6

Jr. Scientist Lab When: July 11, 2022—July 15, 2022
Time: 9:00am—12:00pm

Become a Junior Mad Scientist! This camp is a great introduction to science. Preschoolers explore the human body and their senses. Explore the science of colors and the way things move. Campers become paleontologists by searching for fossils and participating in a mini dinosaur dig. Finally, take an exciting mission with Mad Science to explore the planets, moons and stars. Campers will enjoy daily take-home projects related to each subject. For students in Preschool through entering Kindergarten (ages 3.5 - 5.5)

All Mad Science programs to be held at:
Armory (Parks and Recreation Department)
153 South Main Street
Torrington, CT 06790

Please register at:
