

Elise Besse Park - Skate Park Survey

DATE

FIRST NAME

LAST NAME

The Skatepark at Elise Besse Park will be closed temporarily for the construction of the new school. The Skatepark equipment has been moved and stored off site until a new Skatepark is designed and constructed. The City of Torrington will be working on plans to design and develop a new Skatepark within Elise Besse Park. We are looking into all options including, repurposing some of the existing equipment and incorporating new features. We would like your feedback as we move forward in redesign and relocation of the new Skatepark.

Are you a Resident of Torrington?

Yes

No

Have you or anyone you know previously used the Skatepark in Torrington?

Yes

No

How would you rate the following in order of importance - 1 - Not Important; 2 - Important; 3 - Very Important.

| | 1 | 2 | 3 |
|--|---|---|---|
| Reuse of Features/Equipment Previously in the Skate Park - add comments below with specific details. | | | |
| New Skatepark to feature multiple heights of Rail Slides/ Flat Bars. | | | |
